

Join us online for OneDayWith BASF!

 **BASF**
We create chemistry

Liveday: 20/21 January 2016

**Are you a PhD or experienced MSc with a passion
for chemistry and/or engineering?
Would you like to know more about
BASF's innovations in Asia?**

WWW.ONEDAYWITH.COM/BASF2016

During OneDayWith BASF you will be able to learn more about the technology behind our products directly from the engineers and chemists working at our Innovation Campus in Shanghai.

On the Liveday you will be able to attend Online Presentations followed by Live Chats where you can interact with BASF experts.

Do not miss the opportunity!
Register today on: www.onedaywith.com/basf2016

On the website you will also be able to learn more about BASF's unique career opportunities for a PhD or experienced MSc in Chemistry or Engineering. See you on the 20th/21st of January.
